

# ONLY THE ONE BATTERY AND TOO MANY OPTIONS

BATTERY

**BXP 570 40V**

Capacity: 570Wh

Voltage: 40V

Max. current: 45A

Max. power: 1800W

# BATTERY X PACK

# Very Compact Dimensions

100 height x 160 width x 317 depth

Weight

4,2 kg

# Characteristic Properties

Battery Management System (BMS) for maximum cell protection

Double sensors thermal protection

Plastic housing or aluminium housing soon

Current connector

Amass XT90

Pick current 90A

Continual current 45A

HIGHT POWER ENERGY

**CONNECTOR**

# Applications

BATTERY

**BXP 570 40V**

36V and 40V systems  
accumulator tools with  
connector plug  
approx. 140 accu tools

Garden electric tools  
40V system or 80V system

All 230V AC application

4 x BXP 570 = 2280 Wh

or

5 x BXP 570 = 2850 Wh

NOMINAL POWER 3000W

# Applications

BATTERY

**BXP 570 40V**

e-scooter, e-bike, gocart,  
electric mini tractor

durable handle for safe  
handling

or other application

BATTERY

**BXP 570 40V**

2 x

= 80V

next level

# Compare Battery

570Wh

BXP 570 = 6 x tool battery

90Wh

# BXP Possible Variants

BXP 460Wh 40V LFP

BXP 372Wh 40V Sodium ion

LiFePO<sub>4</sub> - LFP and  
sodium ion cell are

Very Safety Technology
